

S2G From sound to gesture

Conference Program

	Day 1	Day 2	Day 3
8.30-9.30	Registration		
9.00-9.30	Welcome		
	Chair: F. Cavicchio	Chair: M. Gullberg	Chair: P. Prieto Vives
9.30 10.30	Wendy Sandler (Haifa University) The Linguistic Organization of the Body in Sign Language	Pilar Prieto Vives (ICREA -Universitat Pompeu Fabra) Prosody and gesture as encoders of pragmatic meaning and social action	Isabella Poggi (Università di Roma 3) The richness of the body. An agenda for research on multimodality in the hearing's communication
10.30 11.00	Break	Break	Break
	<i>Sign Language (Formal approaches)</i> Chair: K. Emmorey	<i>Multimodality (2)</i> Chair: M. G. Busà	<i>Communication</i> Chair: B. Tversky
11.00 11.20	N.Caselli, R. Ergin, R. Jackendoff, A.M. Cohen-Goldberg (Tufts University) The Emergence of Phonological Structure in Central Taurus Sign Language	B. Tversky (Columbia/Stanford), S. Kang (Arizona State University), J. Black (Columbia Teachers College) Coordinating Gesture, Speech, and Diagrams in Explanations	Z. Camargo, T. Rodrigues Freitas, S. Madureira (São Paulo University) Visual and vocal cues in signaling voice qualities

11.20 11.40	V. Aristodemo (CNRS Paris/Ca' Foscari), C. Geraci (CNRS Paris) Handshape in Italian Sign Language	F. Cavicchio (CIMEC – Università di Trento), S. Kita (University of Warwick) Spoken and gesture expression of Manner- incidental and Manner-causal events in English and Italian	M. A. Souza Fontes, S. Madureira (São Paulo University) Facial and vocal gestures in the speech expression of emotions
11.40 12.00	P. Rutkowski, A. Kuder, J. Filipczak, P. Mostowski (Warszaw University) Headshakes in Polish Sign Language. A corpus-based study	S. González-Fuente (Universitat Pompeu Fabra), M.V. Escandell-Vidal (UNED), P. Prieto Vives (ICREA – Universitat Pompeu Fabra) Gestural codas lead to the interpretation of irony	P. Christensen, K. Tylén (Aarhus University) The impact of event structure on emerging gestural communication systems
12.00 12.10	Discussion	Discussion	Discussion
12.10 12.30	S. Fontana (Università di Catania) Gestural and prosodic functions of mouth patterns in Italian Sign Language (LIS)	H. Chen (Nanjing University), H. Zuo (Nanjing University), Y. Gu (Tilburg University) Alignment between gesture and intonation in narrative production	M. Ingleby, F. Baothman, S. Buhari, A. Almarzuki (King Abdulaziz University) Sign recognition and non-verbal communication with robots

12.30 12.50	M. Blondel (CNRS/Paris 8), D. Boutet (CNRS/Paris 8), S. Délacroix (LAM) Looking for Prosodic Patterns in LSF	I. Lorenzini, F. Nicolai (Università di Pisa) Hand Gestures in CAS	Bjørn Wessel-Tolvig (Copenhagen University) A qualitative study of Italian boundary crossing situations in speech and gestures
12.50 13.10	S. Ulfsgjorninn (SOAS London) Features and Modality	M. Urbani (Università degli Studi di Padova) What pitch range dimensions tell us. The case of Italian and American English	G. De Gregoris (Università di Trieste) Voice and sense in a subjective assessment of TV broadcast
13.10 13.20	Discussion	Discussion	Discussion
13.20 14.50	Lunch	Lunch	Lunch
	<i>Phonology</i> Chair: A. Baroni	Chair: W. Sandler	Chair: I. Poggi
14.50 15.10	S. Ruvoletto (Paris 8) How French syllabic pattern still influences children in primary school	Karen Emmorey (LLCN – San Diego State University) Code-blending and co-speech gesture in bimodal bilinguals	Marianne Gullberg (Lund University) Why gestures are not (only) a compensatory device – evidence from language learners
15.10 15.30	G. Enguehard (Paris 7) Do we need a stress tier in CVCV?		

15.30 15.50	P. Droste (Münster University) The functional grounding of phonetic variation patterns in spontaneous German		
15.50 16.00	Discussion	Break	Break
16.00 16.20	Break		
	<i>Multimodality (1)</i> Chair: A. Baroni	<i>Psycholinguistics</i> Chair: P. Rutkowski	<i>Gestures in Narration and Teaching</i> Chair: M. Ueyama
16.20 16.40	M. Tagarelli De Monte (Università di Roma 3 – Istituto Statale per sordi di Roma) “Mode mixing” in the written production of deaf signers	B. Giustolisi, S. Sulpizio, R. Job (Università di Trento) The interaction of segmental and suprasegmental information.	B. Dudeva (Medical University, Sofia) Gestures and second language teaching of medical university students: A study
16.40 – 17.00	F. Chiu (UCL), S. Ulfsbjorninn (SOAS London) Language-specificity in the McGurk Effect	E. Navarrete (Università di Padova), M. Miozzo (Columbia University), L. Leroze, F. Peressotti (Università di Padova) The dynamics of lexical access in sign production	L. Vincze (Università di Macerata) I. Poggi (Università di Roma 3) Multimodal vagueness in dreams. A comparative study between Italian and Swedish

17.00 17.20	Bi Ran (Jiangsu Normal University) A crosslinguistic study on audiovisual prosody	N. Caselli, A. M. Cohen-Goldberg (Tufts University) Lexical access in sign perception: A computational model	S. Soullaine (Université Catholique de l'Ouest) Movement, gesture and drama for language acquisition - body and oral dynamics
17.20 17.30	Discussion	Discussion	Discussion
17.30 17.50	D. Veronesi (Libera Università di Bolzano) The role of depictive gestures in learning how to make music together	A. Petrova (Università di Padova), M. Miozzo (Columbia University), S. Fischer-Baum (Rice University) F. Peressotti (Università di Padova) Positional effects in short term memory for the deaf	S. McCafferty (University of Nevada), A. Rosborough (Brigham Young University) Contingent teaching: Multimodal pedagogy in an elementary classroom
17.50 18.10	C. Dodane (CNRS/Montpellier 3), A. Morgenstern (Paris 3), P. Beaupoil (Paris 3), A. del Ré (UNESP), D. Boutet (CNRS/Paris 8) The role of gesture and prosody in children's pathway to negation	G. Petitta, A. Di Rienzo, O. Capirci (ISTC – CNR Roma) Co-signed and co-speech gestures	M. Boureux (Università di Padova) Gestures and speech interactions in L2 phonetic integration activities with verbo-tonal method
18.10 18.20	Discussion	Discussion	Discussion
20.00		Social Dinner
